

BIOTECHNOLOGY

Animal Physiology	Biomedical nanotechnology	Biomicrofluidics	Bioreactors	Computer Aided Drug Design
				
102104058	102107058	102105068	102106053	102106070
Drug Delivery: Principles and Engineering	Experimental Biotechnology	Functional Genomics	Fundamentals of micro and nanofabrication	Genetic Engineering: Theory And Application
				
102108077	102103083	102104056	102108078	102103074
Immunology	Industrial Biotechnology	Introduction to Biostatistics	Introduction to Developmental Biology	Introduction to mechanobiology
				
102105083	102105058	102101056	102106084	102101058
Introduction to Proteogenomics	Introduction To Proteomics	Nanotechnology in Agriculture	Plant Cell Bioprocessing	Plant Developmental Biology
				
102101076	102101055	102104069	102106080	102107075
Principles Of Downstream Techniques In Bioprocess	Tissue engineering	Transport Phenomena in Biological Systems	Wildlife Conservation	Wildlife Ecology
				
102106048	102106081	102106083	102104068	102104073
