

# MATHEMATICS

A basic course in number theory	Algebra - I	Calculus Of One Real Variable	Calculus Of Several Real Variables	Complex Analysis
 <p><b>July - December 2020</b></p> <p><a href="#">111101137</a></p>	 <p><b>July - December 2020</b></p> <p><a href="#">111106137</a></p>	 <p><a href="#">109104124</a></p>	 <p><a href="#">111104125</a></p>	 <p><b>July - December 2020</b></p> <p><a href="#">111106141</a></p>
Computational Commutative Algebra	Computational Number Theory and Algebra	Constrained and unconstrained optimization	Dynamical System and Control	Engineering Mathematics - I
 <p><b>July - December 2020</b></p> <p><a href="#">111106138</a></p>	 <p><b>July - December 2020</b></p> <p><a href="#">111104138</a></p>	 <p><a href="#">111105100</a></p>	 <p><a href="#">111107118</a></p>	 <p><a href="#">111105121</a></p>
Essential Mathematics for Machine Learning	Groups: Motion, symmetry and puzzles	Integral Transforms and their Applications	Introduction to Abstract and Linear Algebra	Introduction to Abstract Group Theory
 <p><b>July - December 2020</b></p> <p><a href="#">111107137</a></p>	 <p><a href="#">111106114</a></p>	 <p><a href="#">111102129</a></p>	 <p><a href="#">111105112</a></p>	 <p><a href="#">111106113</a></p>
Introduction to Fuzzy Set Theory, Arithmetic and Logic	Introduction to Methods of Applied Mathematics	Introduction to R Software	Laplace Transform	Linear Algebra
 <p><a href="#">111102130</a></p>	 <p><a href="#">111102133</a></p>	 <p><a href="#">111104100</a></p>	 <p><b>July - December 2020</b></p> <p><a href="#">111106139</a></p>	 <p><b>July - December 2020</b></p> <p><a href="#">111104137</a></p>
Mathematical Finance	Mathematical Modelling: Analysis and Applications	Mathematical Portfolio Theory	Matrix Analysis with Applications	Measure Theory
 <p><a href="#">111103126</a></p>	 <p><a href="#">111107113</a></p>	 <p><a href="#">111103137</a></p>	 <p><a href="#">111107112</a></p>	 <p><b>July - December 2020</b></p> <p><a href="#">111106140</a></p>

Non-parametric Statistical Inference	Numerical methods	Operations Research	Real Analysis I	Regression Analysis
 <p>July - December 2020</p> <p><a href="#">111102143</a></p>	 <p><a href="#">111107105</a></p>	 <p><a href="#">111107128</a></p>	 <p>July - December 2020</p> <p><a href="#">111106142</a></p>	 <p><a href="#">111105042</a></p>
Scientific Computing using Matlab				
 <p>July - December 2020</p> <p><a href="#">111102137</a></p>
